Dear Susie and Family,

We are sorry to hear that Mrs. Bartello is no longer with us anymore. She filled our lives with happiness and nice memories that we will carry in our lives forever.

Thank You, God, for giving us the opportunity to meet these two amazing people and have them in our lives.

Thank you Mr. and Mrs. Bartello for open the door of your house with fraternity and kindness and giving us the moment to spend time together.

Our family is keeping your family in our thoughts and prayers.

With Sympathy and Love,

Family Santos

Heaven truly gained an angel!

I have such wonderful memories growing up and spending time at their home!

Mom Bartello always treated me as her own daughter.

She even stayed up all night with me trying to comfort me when I had something in my eye.

Mr. Bartello even took me to the emergency room in the morning. We laughed so much these last few days remembering that night.

That night Mom Bartello sat with me on the couch holding my hands (she didn't want me to rub my eyes) and trying her best to rinse my eye out with everything she thought would help. She'd ask me every now than are you better, any relief? Only to hear me say no.

The doctor found a sesame seed stuck in my eye lid. Probably a result of my job at Cock Robins.

The love and care I felt I will always be grateful for and my I'll never forget.

That family was what made my childhood full of loving memories!

Sue, Jonathon and Christina I am here for you!

Love you all!

Rest In Peace Mom.

I will be there for Susie just like I promised you!
