“ *I am truly sorry to hear of my cousin Andy's passing . He and I are second cousins and share the same name. His Dad Johnny and his uncle Tony were my dad's first cousins. My grand-father was Francesco DeTolve and Andy's Grand-father Andrea Detolve (or as Nick Tolve preferred "Tolve") were brothers.*

I spoke to Andy a little over a year ago and we planned to see each other. I regret we did not meet, I left several messages on his answer machine, but was never able to speak to someone.

Even though I am twelve years older (I was born in 1931), he and I saw a lot of each other in the 1960's,

We both were patients of Dr. Cahill and we spoke about that a few times.

Please accept my condolences.

I have a lot of information on our family tree. I f anyone is interested please contact me.
