“ *I met Annette over 40 years ago at my first full time job. Annette, Maureen, and I had lots of fun and laughter together. It's not surprising to hear all these good memories for Annette had a heart of gold. I was stunned to hear of her passing and my deepest condolences to the entire family. Rest in God's heavenly peace beautiful friend.*

“ *Annette and I became friends when she started training in phlebotomy at CDH. We ended up teaching phlebotomy together where they called us Batman and Robin . She was a dedicated worker and fiercely loyal friend who loved her family and friends tremendously. Always thinking of others and extremely talented. I will miss her very much. Prayers for your whole family .*

“ I had the pleasure of working the Emergency Department with Annette for many years. She was a very intelligent woman with a strong work ethic, and even stronger expectations of the many she personally trained to become ER techs at Central DuPage Hospital. She was the role model for all others to follow, and her motto was, “Do it right the first time” while taking care of patients to in the ED. Her compassion was evident, her abilities spoke for themselves, and her coworkers not only loved her, but they deeply respected her for her high standards.

She was also a phenomenal cook and baker, and made some of the best food ever!! She made this poached egg and potato dish that we all loved so much; it was actually perfect. I’ve never been able to replicate it myself! Try as I may, I just couldn’t get it right. My recipe was missing her love she had for everyone she baked her dishes for, and many were for a specific individual. When she did that, you knew you arrived as Annette, “The Annette” was baking something special, just for you.

She was such a good friend to so many who worked along side her for as many years as they did. Every area, every department, Annette was known for her strict and consistent work with her patients, her incredible food she cooked for us, but most of, she was known for her true love of those she took care of over the many years she spent in the CDH ED OR CATH LAB. To say that we will miss her is a gross understatement ; this hospital has lost one of the great ones, and she will forever dwell in our minds as one of the finest examples of how to be a woman in the ER, One to show true Grace and pressure under fire. Annette, I will miss you more that could possibly be measured. I just flat out loved you, and I pray that you’re with the angels in the kingdoms of heaven. You were certainly a one of a kind woman!!

I have no words better than what Ellen has already said. Annette made my daughters much loved blanket that remains on her bed to this day (21 years later) she baked with love, and she to this day is one of the best most compassionate people I have ever worked along side. I will miss her tremendously. May her memory remain eternal.

Annette was an incredible person, I am in shock. She taught me so much when I first started as a PCT and I carried her principles with me as I became a nurse. I remember how she would talk to ER doctors to find out when they were working so she knew what to cook that day! I know she loved sharing her love of cooking with her Stella too. May her memory be a blessing to us all.

I couldn't say it better than what Ellen shared. Annette was an incredibly talented, loving person. I respected her so much for her compassion and expertise with her patients. She had an awesome work ethic and insisted on excellence from herself and others. She went above and beyond with everything ! A wonderful memory was that she took extra care of my elderly Aunt in the interventional lab until I could get off work and then insisted on being the one to wheel my Aunt to the car in true Annette style. My sincerest condolences to Louis Vince and Stella and all the family . God is taking care of her now.

I met Annette over 30 years ago when our kids took swimming lessons at Concordia College every summer. How we laughed and laughed while the kids were learning to swim. I looked forward to swimming lessons every summer. She was a GREAT wife and mother to Louie & Vince! God Bless you both.

If anyone at CDH said Annette, they all knew who you were talking about. There was only one. My heart hurts thinking she is gone. She loved her "people", especially her family. We all loved her and knew we were going to be fine with her by our sides in the ED. I loved her, and am sorry for all who loved her. That's a long list. Like my comrades mentioned above, she took care of us all.
