“ *To Tony Partipilo's Family,*

When I saw the picture of Tony, I thought that is exactly how I remembered him. Our first apartment, newly married, turned out to be a perfect building , very secure with 3 police families , so someone was always coming or going to work. Tony and Ann, his first wife, were on the second floor rear, my late husband Rich (retired 30 years CPD) and I were on the second floor rear and Debbie and Bob(CPD) were in the basement. No kids yet and we were there 4 years before we bought our house, me pregnant with our son Vince (CPD 21 years), Fond memories of your dad who always had a smile for us. I am so sorry for your loss.
