“ *Brother Chuck, I am sad that you have passed away. I find comfort with memories of things we did when we were kids. I remember how frustrated you were that I did not share your passion of baseball. Although my heart aches that you are no longer with us, I am happy that you're not suffering now. Rest in peace. You will not be forgotten, you'll be in my heart forever. Love, sis*

“ *RIP Chuck. My main remembrances of you revolve around food! As a kid staying overnight at our house, I never saw anyone eat so many pancakes! As an adult, on Christmas Eve, you hated those beans my mom made and fortunately for all of us you made that very clear! You see, none of us liked them and after you told her what you thought of them, she never made them again! May God grant your mom, your sister and the rest of the family peace and comfort as they grieve your loss. Blessings, Your cousin Debbie*

Sending healing thoughts to the family. I always looked forward to seeing Charlie every summer at Waterman Farms. He was always so positive and shared so many stories with me as I grew up. He was one of the people who inspired me to become a teacher! Love, Paula Waterman Rousseau
