“ I worked w Dante before Covid in a newly formed Universal Division. We held Friday meeting in the cafe as no one planned out space for our division. We planned, studied, took classes, and stared at each other hours on end.

We planned our escape as soon as we could, to grab pos and fast bills. Duh it's Friday and we want the day to end. Dante and all of us would report on progresss...stop 5 of 12 etc and it's 7pm and I am still on the road .

Many short memories, and lots companionship. We all loved Dante. He is missed .
