“ I met Diane at our first 307th reunion . I am a little shy but she just made me feel so welcomed when I took my Dad. We hit it off right away and I just fell in love with both her and Don. I didn't know her for long but she was such a special funny, sweet lady and she will be missed by my Dad, husband, and everyone in the 307th. I pray your family's memories bring peace during this time.

“ *Diane, you were always so nice to me. I remember when my Nana-- who adored you--would come and visit your Mom, and you would ask me to sing an Andy Williams song for you, and it would always end with a kind word and a warm embrace. Looking at your smile and those eyes, I can see that was just a wonderful part of your gift here on Earth. May peace be with you and may it find all you loved you...With much love and respect, Chris Madsen*

“ I will always remember the holidays growing up, Aunt DeeDee always made them so special. She was always so cheery and happy to see her family all together. She is one of the main reasons the holidays always have been so meaningful to me. I always looked forward to seeing her and her family. I will always remember her smile and hearing her laugh, sometimes I would say silly stuff just to get her to laugh. Every year she sent me birthday a cards and if she sent it late she'd called me to tell me it was on its way. She always made me feel very special and loved. She was kind, caring and always had such positive things to say. "More the merrier" was a saying of hers, she was so welcoming. She made people she just met feel like she had known them forever. There are so many stories and so many memories I have of her. She was an all around wonderful person. She has given me and my boys so much love and memories to last the rest of our lives. I love her and I will miss her But I will never forget her!

Love Jonni
