“ *The first time I saw Dolly, I was just a kid and they were moving into our block. She was getting out of the car and "BAM!" I thought I was looking at a movie star. After all these years turns out I was right, she was a star! Thank you Dolly for keeping my mother company on the phone these past years. She really looked forward to your calls everyday. The two of you kept each other company and after 57 years still managed to find something to talk about. Frank and family, I am so sorry for your loss. Your mother was an exceptional human being. God Bless*

“ Dolly was a part of my youth and my memories of her will always last. I remember her sitting on her porch while looking out over Bulger Park as kids played . I also remember her sitting on her porch and giving me a nice hand wave or a "Hello" as I walked by the Catizone house on my way home from school. She was a very classy lady and a loss for everybody.

Sincerely,

John Wiegel
