“ *I remember when I was a young girl and Betty came to our house with my uncle. I remember how pretty I thought she was. She was sassy but nice and funny too. Somehow, our family lost touch over the years. My heart goes out to your family. Rest in peace, pretty lady. My sincere condolences to the family.*

“ *Gramma all I can say is that I love you, more than you probably even knew, and I wish i could have done better to let you know that. Losing you is one of the hardest things I've had to go through this far, but I know your at peace, and no longer suffering. Thank you for always being there, and making sure we were safe, and taken care of. I'm going to miss you so much, and your little comments you always had for all of us. You've always been there, and it's hard to believe you won't be anymore. I hope your resting, and surrounded by love & light in this next journey of your spirit.*

*Love you always,
Your Granddaughter Mel*

“ *Hey mama, I want you to know how very much I love you, and let you know you are loved by so many people. Through my tears I find some comfort, and peace knowing that all of your last wishes were carried out. It's always been you and me, and I always told you we were stuck with each other through the good and hard times, whether we liked it or not so we may as well make the best of it. Every yellow rose I see will always remind me of you. I will have the privilege of placing the last yellow Rose I will ever be able to give you on your casket Wednesday for you to take to Paradise with you. Thank You for loving my children whenever I was struggling. You always made sure they were safe. It was a honor to be there holding your hand as hard as it was until the moment you were asleep in Christ. I am having a hard time saying goodbye so I will say until I see you again </3*

I Love you, Pam
