“ *When I stayed with dad for a few months, it was an interesting time. One of the best memories was during a holiday (memorial days or 4th of July) and dad opened all the doors and windows in the house and then put his military cadence cassette tape on full blast and played that for about 2 hours. I will always be proud to be one of his 4 daughters and with him being a Marine!!!! Howha*

To a dedicated fellow soldier and family man I wish you all the best in your new home with those who have fallen before you! May God shine his light upon you and send Angels to protect your loved ones until you are reunited with them! Eugene was one of the few who proudly served with distinction and honor in several branches of our Armed Forces! We wish all the best to the family in your time of grief! Celebrate him as you gather for how he lived and for the great times he shared with you; instead of mourn him. He'll be there with you if you should look! Sempre Fi Marine!

“ *My most cherished memory was when Uncle Gene came to Pennsylvania for my wedding. I will never forget the time I got to watch him dancing and being with Maya. I never doubted she was in good hands when you were with her. I'm going to miss you so much. You were like a father figure to me. There is a hole in my heart that can't be filled where memories of you will always be.*
