“ Joe met you and Josie first and loved you both so much. He always enjoyed spending time with you both. When I finally got to meet you two I fell in love with you kids too. I loved spending time with you and having you come to our house for dinner whenever you were here in Texas visiting with Frank and Mary Kay. I especially loved hearing all your stories about your fire house, since my dad was a fireman too. I remember driving Josie to the hairdressers and you and I decided to go to Starbucks for coffee, while she was getting her done. Our plan was to run and get ourselves coffee and bring it back to the salon and sit in the waiting room drinking our coffee, while we waited for Josie. After all it was in the same parking lot and we had plenty of time. But, we drove around and couldn't find it for the longest time. We laughed so hard, cause by the time we went back to the salon, poor Josie was sitting waiting for us. I cherish all the times we got to be with you, teaching you how to play 31, loved hearing all about yours and Josie's families. But most especially how you would talk about your "Boy Frank". Meeting you two we know why your Frank is so special, kind and loving. "The apple doesn't fall far from the tree." Rest well our Dear Sweet Friend.  
Much love,  
Maureen and Joe

*We just found out about Frank. I am deeply saddened about this. He was a friend of mine. We have so many memories. I am so sorry for your family. Please accept my deepest sympathy. I would have been there had I known. He was one that always called me "Tony Boy".
