“ *Those early early days of life on the ramp at United contained a small group of men and women working their own particular shifts. It was a family. I remember John most of all for his smile as he turned in the chair to say hello. Without knowing it John taught me how to be a good LDRSM and I pushed his teachings to the next generation at ORDCG.*

*Rest in Peace John
Your Ramp assignment is complete.

“ *Uncle Jack was our (Funcle) fun Uncle he always has a smile on his face and a kind word in his mouth. He was always with Aunt Helen and was a fixture at our family doin even though he wasn't our kin. He was the Grand Marshal at one of our St Patricks day party because a prerequisite was someone that made a significant impact on my life to become a Grand Marshal and he definitely was a big impact in our families lives. RIP Jack and Helen I know they are smiling down on us today.*

“ Dear Helen and Family, I never actually was able to work under John but went so many times through the years on days to visit Ramp Alert, so I got the Pleasure of meeting one of the Truly Amazing Leads UAL had at Ord. One of the best compliments I had, came from John when I called to talk to the Wajda's house one Saturday evening and they were having their Christmas Party. Being now in Tampa INT. I was fortunate to have him pass the phone around. As I talked to all my old Coworkers and Friends, This being the last time I talked with John, those many years ago. He told me that with all the years I worked in Chicago, he really wished I would of came to work in his area. Being said, I would of fit perfectly with the group and said I was a pleasure to know I started tearing up Because That was One Heck of a Compliment from Wonderful Man. Ever since I heard he was Ill, I didn't leave him out of my Prayers for Healing.

God Bless You My Friend till we can all be UNITED Once again with Our Lord And Savior Jesus Christ. May The God Lord Give You All Strength, Love and Healing Today & Always
