“ *Kenny, you were a trip to work with. You were stubborn in your ways and had a heart of gold at the same time. I remember making you write one of the last times we worked together and you weren't too happy about it lol.... But you did it and you were a good medic. I also remember riding on your scooter with you from one of the Cucina events back to the firehouse. Boy that must've been a sight lol..... We'll miss you Kenny.... Towler*
