“ *Lucy was a sweet and beautiful woman. I knew her through Jazzercise and we had so much fun. She always talked about her family and loved them so much. Sweet dreams, Lucy* ❤️❤️

“ *Lucy was one of my breakfast partners. Our little group would meet at Denny's, McDonald's, Harlow's and Baker's Square. She was a great lady and dear friend. Lucy was also a fantastic cook and Baker. Her cookies and homemade pasta were heaven sent.*

She leaves behind grieving family and friends, but her pure joy, happy smile and loving spirit will give everyone wonderful memories to cherish.

“ I loved Lucy so much. Though I only knew her about 12 years, I felt like I had known her for so much longer. She was always so easy to be with, and so positive, always looking on the bright side and finding the humor in a non humorous situation. A few years ago the two of us took a road trip to Virginia to visit a friend, and Lucy was such a joy to be with. The long drive flew by with our sharing of the wonderful stories from our lives. We had been home about a month when Lucy broke her hip, and all she could say about it was how lucky she was that she didn't break it while we were on the trip. Lucy was always there to help me out if I needed a favor, and always made me feel like I was a special friend to her. But Lucy was the special one! When I was recently hospitalized, she brought me her homemade biscotti. I still have a few and am afraid to finish them because I know there will be no more from her. When she brought her meatballs to potlucks, we would race to make sure we got our share before they were gone. I miss Lucy so much already, but her memory will always be in my heart. She was the best!!!

To know Lucy was to love her. She and I met through WOW and I remember thinking when I grow up, I want to be like Lucy! She was kind, she was fun and she was eternally young. Recently I went to an Il Volvo concert with Lucy. She cried upon hearing one particular song as it reminded her of her father. And that was “so” Lucy. Family meant everything to her as well as her faith. On a personal note, Lucy and I both had the challenge of raising a handicapped child. Her kindness and concern about my son is something I will always cherish. God bless you, Lucy. I am privileged to have known you.

“ We called her “our Lucy” because she was such a treasure to us. As someone who joined with Lucy on many occasions, her kindness for all and joy of her family were all part of her outstanding character. How will we survive without her homemade meatballs and her biscotti? I feel blessed to have been part of her life and know that she is smiling down from Heaven. My deepest condolences to her loving family. Nancy Keller

“ At a time like this it's difficult to know what to say except I'm sorry for your loss. While Aunt Lucy what's a good person. She was much more than that she also love the Lord. She was a loving faithful wife a wonderful mother an a loving sister to her brothers and sisters. She showed mercy and compassion to those that were sick an example of this would have been when she visited my mom and dad in the nursing home. It saddens me that we will not be able to celebrate her life due to this virus and the virus also took away the ability of her to be comforter at a time when she needed that. My only comfort is but I know she's in heaven with her parents George and many of her brothers and sisters. While we mourn they're celebrating the victory and someday we'll be reunited with them.

“ A little piece of all of us, stuck in our homes, goes out to your family during this unimaginable time of shock and grief. I didn't know Lucy all of my life but I knew her long enough to be inspired by her kindness, faith and free spirit. Sending virtual hugs and my deepest sympathy to her family and friends. So grateful for the nights we sat in the yard together by Fran Truppo.

“ Who's going to pick up Georgia from school? Who is going to make the famous thin pizza? Who is going to be missing at 4:30 mass? Who will not be at New Star or Culvers? Who is going to be missing from our Saturday card games and/or dominos? Who is not going out to eat at the last minute with Tina? Who can we count on to go to the movies? These are just some of the many things I remember about my neighbor and good friend, Lucy. With a heavy heart I want to extend my deepest sympathy to the family. There will be a big void in everone's life without her. By the way she was a better bowler than I, but not as good as her sisterr, Claire.
