“ *My deepest sympathies to the family upon Nana's passing. I feel very fortunate to have met Nana through Miss Amanda. She was a blessing to me in so many ways...sharing advice on being a mother to advice on leading a classroom. She was there for my son during some difficult times in our life and I will never, ever forget her care and love. I will hold precious memories of her in my heart.*

“ I am saddened to learn of the passing of Mary Anne. It has been many many years since I last talked to or saw her, but she will be forever in my memory as the person who was my valued mentor as I was beginning my career in teaching.

I was a newly graduated teacher, just hired at Oak School in Addison---School District #4, Addison, Illinois. I was hired to teach Kindergarten, and I was woefully unprepared for the reality of this challenging position. Mary Anne was introduced to me as the person who would help me through this, and without her, I would never have succeeded. She was--to me--the Kindergarten Super-Teacher, the one who knew how to do it all and was willing to share her knowledge and expertise with me, the newbie. Because of her friendship and professional generosity, I made it through that first year---without her presence and guidance, I'm not sure I would have.

Thank you, Mary Anne.
