“ You never let anyone or anything stand in your way of getting somewhere! I loved coming to visit you and hear you sing. Your memory was so sharp how you'd always remember us by name when we came in. I will miss hearing you sing and try to keep up with you on our walks!!!  
love you

“ Aunt Mary I will never forget being able to go to your house after school and have cookies and milk. Over the years I have enjoyed your stories and hearing you sing. When my mother in law was living in the same place as you ,you were kind enough to look in on her. You will be miss by all.  
Rest in peace.  
Love you
