“ *I knew Michael since we were in the 3rd grade, there were many great times that we had together, my deepest sympathy to you and your loved ones. He will always be remembered as a big brother to me, no one was as kind and caring as he was. God Bless all of you.*

“ *We worked at the same hospital and Michael was always kind and soft spoken. He was what God would call a server, always willing to help. He will be missed dearly. We pray for his family and children that they heal peacefully and quickly.*

Michael was my cousin. As a child I babysat for he & Donna just as his Dad did for my sisters and I. I, like Michael, am blessed with a child with Downs. He was a soft spoken, gentle soul. My prayers go out to his family, for healing, comfort & peace. I am so saddened to learn of this huge loss. Debbie FioRito

Many of Michael's friends and relatives have asked how they can donate to the family to help in this difficult time. A fund has been set up, and if you would care to donate to the family, you may do so at:
