“ *No words can express my feelings to all of you. Pat was a dear person. She taught both of my kids first grade, in fact Jimmy had her twice cause she moved to second grade one year. She has made a big impact on many students, teachers, parents and friends. I am one that did become friends with her. We had many great times at Stevenson together. Some times we would talk after everyone was gone and shared some personal feelings with each other that we kept between ourselves. She loved her family very much and she put up a strong fight to try to stay with us longer. She is now an angel in heaven and she will surely be misses by everyone. My heart goes out to her family and hope the memories can warm their heart some. God Bless all of you, Joe, Joey and your family, Tony and your family and of course her daughter Teresa who put up the good fight to try everything to get her mother better.
Love you guys
