“ *Pete and I were friends from grade school through our adult years. He knew my ex-husband Wayne, I remember when the guys would rent ice time at 2am in the morning and go play and the girls would go and watch and afterward we would go for breakfast, I also remember the times when we would just all hang out. Pete always had a smile on his face and made you laugh. We lost touch after all of us went our separate ways and just last year I found him on Facebook. We talked and talked over texting each other he remembered stuff from way back when we were like 13 or 14 years old and he made me laugh again, That was just Pete, A good friend and good man. He will be missed by so many people. I'm sure he would be embarrassed by all this attention but is it well deserved. I know he is celebrating with Mom and Dad and will have the best seats in the house for the remaining Blackhawk games, Enjoy Pete!*

“ I first met Pete during 6th Grade at Wood Dale Jr High. Even back then he could make me laugh hysterically. He was just one of those guys you took to immediately. We lost touch after that with him going to Driscoll and me Fenton. But through the years we would bump into each other and as usual he would make me laugh. We finally got in touch again on a daily basis through Face Book two years ago. We had spoken about getting together and I wish we had. I feel lucky, that we did get to know each other again, however brief it was. Bon Voyage, Pete. You will be sincerely missed...

“ I only knew Pete through Facebook. I never got the chance to meet him in person. I wish I had because he was such a nice man. I will miss him sending me Keith Magnuson photos like he always did because he knew how much of a fan my dad had been and I will mostly miss his knowledge and vintage photos that he would share about hockey. My sympathies to his family and friends. RIP Mr. Bounomo
