*My Heart is broken, both my husband and I have such great memories of fun with both Louise his late wife and with Sal, we had some great vacations and wonderful dinners. We loved being together so much so that my husband died 20 days later on May 30th. So I hope they are all up their having a great time with Sinatra and Dean! I miss those days and pray for them everyday. Icon in the Kitchen industry is right and we enjoyed many Corian kitchens and baths with perfect jobs every time. Memories are cherished forever, they can never be taken from us. Sal had the best care from his 3 wonderful children who gave 100% care to their Dad. God Bless all of you and your families. *“ I'm so sorry to about the passing of your father. I thought he was the nicest person and I enjoyed helping him with his investments. He always had a good story about Elmwood park or his family when he would stop into my office. He will be missed.*

“ We are saddened by the loss of Sal, but we are BLESSED with memories of our time spent with him. The conversation, meals, and laughter are what we will cherish the most. He was a special Man with special talents. He LOVED his Family and always was so proud of them. He was a great story teller when it came to his younger days growing up in Chicago. He was a artist and craftsman and it reflected in his work. Most importantly, people like Sal do not enter your life everyday, and that is what we will miss the most.

*Thank you Sal for that GIFT that you gave us all.*
