“ Time with Grandma was always memory building. I thank her for teaching me her wonderful ways of cooking, having fun for next to nothing, enjoying the great outdoors up in the north woods an our day trips of shopping 😊. Our water balloon fights at the dock 😊 Our picnics at the lakes. An for always knowing just what to say to make me smile. You may no longer physically be here but you will always be close in my heart and mind. I thank you for teaching me patience and having faith in me when sometimes I didn't. “ I remember when I was little and she would have to do exercises like walk around the house in her walker and we would "race" but I'd always let her win.
