“ I remember one time we put some burgers on the grill and my father put all the fixings on his hamburger...lettuce, tomato and onions. So as he was eating he said "Something is missing" I said maybe you need ketchup or mustard. He said "no" and kept eating. Again he said "Something is missing". He was almost done with his burger, opens it up and realized he forgot to put the patty in. Lol It was a good laugh. He than ate a burger with the meat. 😊
